

THE MORNING APPEAL.

The Official Paper of Ormsby County.
SATURDAY..... JANUARY 26

ALL SORTS.

The Brooklyn strike is still on.

Publisher McKinnon is in the city.

Alf Doten is reporting the Legislature for the Enterprise.

John Dennis is reporting for the Gazette in the Legislature.

Lost:—A light drab overcoat. The finder will please leave at this office.

Half a million has been subscribed to the San Joaquin valley road, presumably by Claus Spreckels.

The Epworth League of the M. E. Church is preparing to give an entertainment about the 19th of next month.

A real Chinaman has been especially imported for the minstrels on the 30th. He will sing a song in the first act.

The local jokes to be gotten off at the minstrels Wednesday evening by Tennant, Frisbie, Wright and Meder, will cause you to laugh and grow fat.

Five Chinamen and a Chinawoman were arrested in Reno a few days since for running opium joints. Three Chinamen were fined \$25 each, two \$50 each, and the woman \$50. Reno has a way of doing things in great shape at times.

In Germany a prisoner is acquitted on a tie vote by the jury. A vote of seven to five leaves the decision with the court, while a vote of eight to four means conviction.

In Nevada one man can hang a jury. The law should be changed.

Senator Wise of this county declined to enter the Silver party caucus, and is said to classify himself as an "Independent Republican," the probability being that he will act with the three straightout Republicans on questions where party lines are drawn.—Silver State.

There is a rumor that Lem Allen does not own his plug hat, but borrowed it of Alphabatical Pike of Wadsworth, to win the Speaker's fight with. Many members who voted for him feel misled, and think he should vacate the chair until he proves ownership of the hat.

A story comes from New York to the effect that a young man claims that he was drugged, abducted and married to a girl during his unconsciousness. That is bad for him, perhaps, but then it may be the only method to use on confirmed bachelors, and if such is the case we endorse it.

Sixty-three years ago Daniel Webster had Isaac Bassett appointed a page in the Senate. Fifty-two years ago the special position of Doorkeeper was created for him and he has held it since. He now has the distinction of having been in the service of this Government longer than any man living.

While the Storey and Ormsby county people are discussing the annexation of a part of Washoe county, the Lyon representatives think that their county is small and needs a slice. The arguments they advance are effective and there is no reason why the three counties should not have a portion of the plethoric and fat county of Washoe.

Those who hesitated in their belief between Madeline Pollard and W. C. P. Breckenridge during the infamous trial must have had their doubts removed long since. The girl has gone into obscurity, asking no false sympathy in her sin, while the Colonel has missed no opportunity to attempt to turn his shame into money.—Oakland Times.

It is to be hoped that the new set of State officers will cut short the rubber stamp era which has lasted four years at the State Capitol. It looks shabby, to say the least, to have a State document or report of a State officer sent out with the name of the officer who sends it printed on the corner of the envelope with a rubber stamp.—Silver State.

The Weiland Saloon.

Whitney has assumed control of the Weiland saloon, when he proposes to run strictly up to the times. He will dispense the best liquors and cigars and fine old Government whiskey, which slides down your throat like oil, tickling your palate meanwhile. Call and see "Handsome Whit." f11

Arresting Racehorse Men.

San Francisco, Jan. 26.—The Society for the Prevention of Cruelty to Animals had President T. H. Williams, Starter J. H. Ferguson and Judge Glover of the California Jockey Club arrested for cruelty to animals on the ground of cruelty to racehorses in the condition of the Bay District track since the rains began.

Segregating Washoe.

There are two bills which provide for a change of boundary lines. One annexes a portion of Washoe to Storey and the other to Ormsby. Ormsby and Storey are two of the most important counties in the State. One contains the Capital and the other the Comstock. Much of the property in Ormsby consists of public buildings either of the State or United States, and are not subject to taxation. Storey is almost entirely a mining county but her people on the western boundary are learning agriculture.

By annexing a part of Washoe it will give Storey some agriculture land, will be of mutual assistance to the people of Storey besides giving them more diversified employment and pursuits. Washoe is too large in area and to give part of her surplus land to Storey and part of Washoe will extremely benefit both counties and be of slight loss to Washoe, as geographically the two sections to be annexed ought to belong to the two counties named.

What Chief Crowley Says.

SAN FRANCISCO, Jan. 25.—Chief of Police Crowley says that since there has been talk of a local Lexow investigation, women, presumably respectable, have endeavored to bribe policemen stationed in localities where low women reside for the purpose of procuring evidence against patrolmen.
